

SERMON REFLECTIONS

Holy Food- Food That Brings Us Closer To God

Leviticus 11:44-47 | 5 June 2022 | Rev Dr Aaron Tay

Reflection Questions

1. Please read Leviticus 11 (aloud) as a DG. Are there any biblical truths from Leviticus 11 that speak to you? Please share.
2. Search* in the Bible where God has used animals/living creatures for His purpose and share about the truths He has taught us through the world of animals/living creatures. How can we apply these truths in our life?
3. Search in the Bible where God has used food/eating/meals/feasting for His purpose, and share about the biblical truths connected with food. How can we apply these truths in our life?

In the sermon, Pastor Aaron shared that Holy Food is food that brings us closer to God, and he shared that food is holy

- when we have a meal with family/friends/neighbours and we build up our relationship in the Lord through the meal
- when we do what Jesus did – eating and relating with those whom others may despise or ignore
- when we share and give food to the poor, needy and vulnerable.

From the truths you have discovered, how else can food be holy in the sight of God?

SERMON REFLECTIONS

4. In the sermon, the 4 truths from Leviticus 11 are
 - i. Holiness of God – Will we be willing to be set apart for God?
 - ii. Salvation plan for the world – Will we allow God to save us? and Through us, to save another person, another soul?
 - iii. God cares for all His creation – as God’s stewards, will we be more concerned for this world, and its living creatures? Even as we know God loves us, will we trust and be opened to fulfill His purpose for our lives?
 - iv. God holds all life on earth as precious – Will we truly see other lives’ as precious? Will we seek God in embracing life, so as to live well and fruitfully?

Discuss about these 4 truths, and the questions raised. How would you answer these questions? If your answer is “yes” what might have to change in your life?

* it’s relatively easy to do an online search using an Internet browser – just type in “animals in the Bible”; and the relevant documents should be retrieved.
